Armistice/Veterans Day ~ Monday, November 12, 2012
Begins at 10 AM sharp and runs until 4 PM

This event is open to the public with a special offer to veterans to come have their portraits drawn. All are invited to bring their creative energies and ideas to help us envision how we could better spend our war dollars. Some artists will draw their own ideas, some will translate your requests (ideas) into images and others will draw portraits of veterans. Artists interested in participating should contact Martha Piscuskas at: Martha@waterfallarts.org or kenny@kennycollection.com. Lunch will be provided for participating artists. This event is being held in conjunction with the exhibit: "The War on Peace - Alan Magee and Rob Shetterly" at Waterfall Art's Clifford Gallery, running from Friday, September 7 to Wednesday, November 21
